

# Environmental, Social, and Governance (ESG)

Compli-Serve SA, in conjunction with Risk Insights and UCT Law@work presents...  
a webinar on

## Environmental, Social, and Governance (ESG)

Time: **Thursday 21st October 2021** from 09.00-10.30 (SA time)

### Environmental, Social, and Governance (ESG)

(ESG) has gained increasing traction over the past few years, with many investors, both institutional and retail, investing only in those companies that provide bona fide ESG performance reporting. This pressure is likely to increase further and ESG should therefore be on the risk radar.

### Session focus points

- Evolution of ESG from a global perspective
- ESG in Africa and implications
- ESG GPS in SA – an overview of the first AI driven model on the continent what does it mean for sustainability
- Materiality and disclosure reporting

### Session Take Aways

- A better understanding of key ESG concepts and challenges
- ESG and materiality for different sectors both from local and global perspective
- ESG ratings for listed corporations in SA and their current standings
